

Literacy Check Planner

Click the apple to **share this** with colleagues

The Literacy Check only takes 10 - 15 minutes to get a snapshot of your students understanding in each strand of literacy, making it super quick and easy to do!

See proficiency levels

Move learning levels

Target literacy needs

Step 1 - Choose a time

Choose a time when you know your students learn best.*

Step 3 - View Report

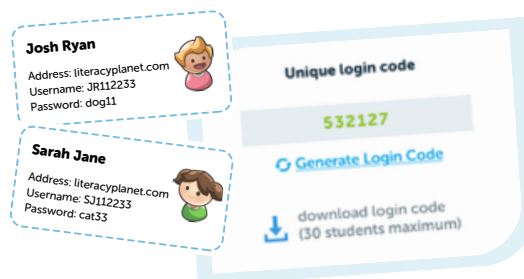

As your students complete the check, go to your dashboard and click **"View Report"** to see their results.

Get Ready - Step 2

Provide your students with the unique **Literacy Check Code** to log in or their login details if already enrolled.

Differentiate - Step 4

Use the Literacy Check data to target your students' literacy skills.
